Permis B

Skills :

Computer Science :

Programming :

- C, C++, C#, Java, Python, OpenGL

Web :

- HTML, CSS, Ruby on Rails, .NET

Database :

- UML, Sql

Languages :

English (C1)

Spanish (B1)

Leisure and Interests :

Sports :

- Rugby (16 years)
- Sailing (9 years)

Travel :

- Linguistic stays : England(2014), Canary Islands(2011).
- Touristic stays : Central America, La Réunion, Spain.

Currently doing my second year in a computer engineering school, and preparing my next year in Canada, i'd like to develop my analysis and conception skills. To do so i'm looking for a 10-weeks internship in computer science.

This internship would start after the 22nd of May, and end on August the 18th at the latest.

Professional Experiences :

June 2016 – August 2016 : **Intern** at *APAUSE*(Association pour la Promotion de l'Agriculture Urbaine Solidaire et Économique)

Creation of an aquaponic culture monitoring station. My work consisted in selecting the sensors, installing them on an Arduino system, measuring datas, and displaying them on a website.

January 2016 – January 2017 : **Vice-President** at *Dièse*

Dièse is my school's junior company.

My work is to manage a team of 6, elaborate a strategy, plan training sessions and monitor projects for companies.

- Example : Project management for a software development, following the client specification with another student.

January 2016 : **Project Leader** at *Global Game Jam*

The Global Game Jam is the world largest game jam event. The objective was to develop a game in 2 days, following the theme : "Ritual".

During the event, I managed a team of 8 monitoring their work and trying to optimize it.

The result is called "This is Mad Ness", you can find it on the official website :

<http://globalgamejam.org/2016/games/mad-ness>

Education :

Computer Engineering School (BAC +4)

Since September 2016

ENSIIE Strasbourg

Mathematics, Finance, Computer Science

Master 1 ISI

Since September 2016

University of Strasbourg

Computer Science, Image Science

CPGE Scientifique

September 2013 – July 2015

Lycée Vauvenargues

Physics, Chemistry, Engineering
